---

10) After a short time you should see the Wi-Fi icon appear in the top right of the screen

11) Once the Wi-Fi is confirmed as connected, turn on Bluetooth (By tapping on/off switch)

Bluetooth

12) Remove battery cover on bottom of Qwayo Hub

To remove the underside cover, push the release latch in the direction shown with the green arrow in the picture on the left.
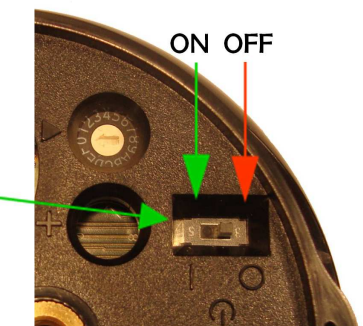

If the underside cover does not pop open there is a small ledge on the release latch that can be levered by using your fingernail to aid the cover opening.

13) Locate and turn On Power

ON OFF

Once the underside compartment has been removed you will have access to the On/Off switch.

Slide the switch towards the rotary dial to turn the Qwayo Hub on.

When turning the Qwayo Hub on, the Qwayo Logo (**on the top of the Qwayo Hub**) will light up green & then flash green 5 times.

14) Replace Battery cover

Qwayo Tablet

Qwayo Hub

15) Plug Qwayo Hub into charger

Insert the USB cable into the Hub's Charger Port
